High School Diplomas Regular.....	8	District Owned Operation	
Other Completions*	0	* Certificates of Completion issued by the district	
Graduation Completion Rate...	89%	** Limited English Proficient (LEP)	

Highlights

Clark County School District 161 was excited to have all buildings meeting AYP for academic reasons. The school has written grants and utilized a significant amount of local funding to ensure that solid professional development and alignment of curriculum. All teachers are trained in "best practices" as a result of the TOBI grant, and they are also trained in SIOP. Further, this year we expanded our professional development with Positive Discipline in the Classroom. We are also excited about the upcoming year as Superintendent Dr. Carlsen is retiring and Paul Blanford will be replacing her.

Progress Towards Meeting Goals

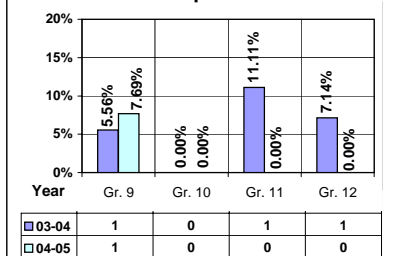

2004-05 Goals	Progress
90 percent of all students will be able to read at grade level by 2006. All sub-groups will maintain AYP per both Title I and NCLB mandates.	We are making excellent progress each year towards this goal. We have made such excellent progress in meeting AYP that we want to ensure that we keep our focus and direction.
Accounting practices will be followed that ensure accuracy. The Board and auditor will receive timely reports. Cross-training will occur to help alleviate errors.	The Board has hired two business managers who serve as a "check and balance" on each other.
Cultural synchronization will be increased in all aspects of the school culture	With approximately 50 percent of our student population being minority, we are striving to be sensitive to their needs and their culture.
A concerted effort will be made to expand special education services to meet the requirements of the approved IEP plans.	We have attended Diversity Training, and we have hired an additional special education instructor who is bilingual.
Teachers will be trained in PLATO and it will be implemented school-wide to ensure the success of all students on ISAT testing.	All teachers received PLATO training and are currently using PLATO to enhance their instructional programs.

Note: Rank represents how this district compares to the other public school districts in the State of Idaho; high to low (1 being the highest).

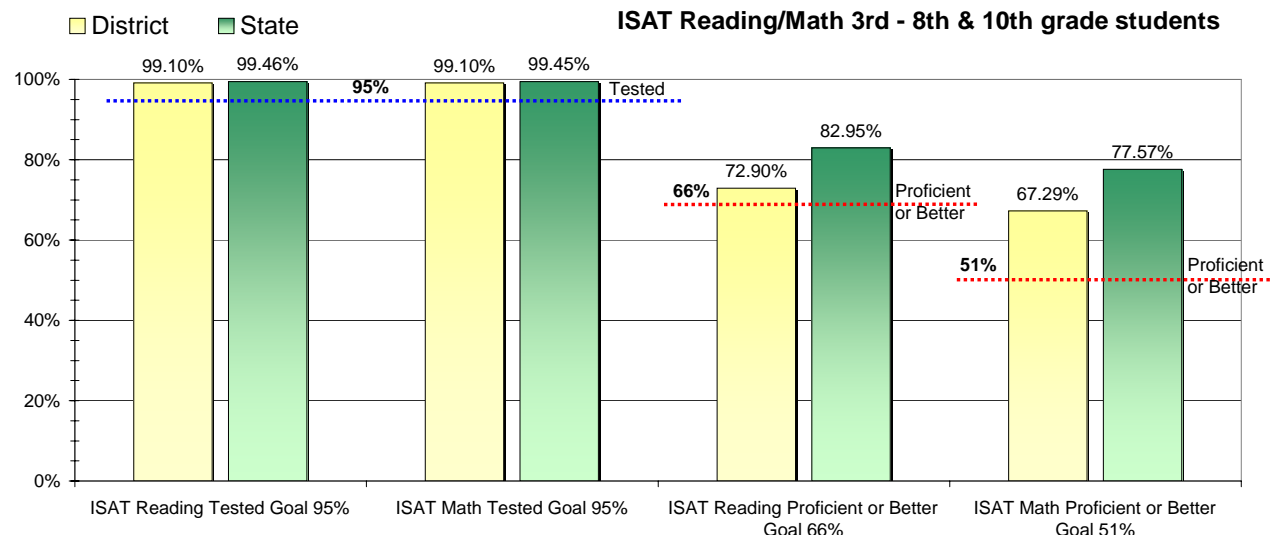

Adequate Yearly Progress and Assessment 2004-05

Did Clark County District make Adequate yearly progress for 2004-05? No

Percent of the 41 targets that Clark County District made: 92.68%

The goal in our nation is for all students in grades 3 through 8 and 10 to be proficient in reading and math by the spring of 2014. Idaho uses the Idaho Standards Achievement Test (ISAT) and the Idaho Alternate Assessment (IAA) to measure proficiency. This report shows the percentage of students who met state goals for proficiency in reading and math.

More Information is available at: <http://www.sde.state.id.us/admin/ayp05/default.asp>

To Protect the privacy of individual students the following symbols are used.

^ No participation determinations are made for groups of less than 10 students. The participation rate of students in this group is included in district and state totals.

~ No proficiency determinations are made for groups of less than 34 students. The proficiency level of students in this group is included in district and state totals
